## PE Premium Expenditure 2022/23 - Review in Purple

### Our PE Curriculum Intent

- Our curriculum planning is underpinned by the 4 pillars identified in the PE Ofsted review.

Motor Competence; Fundamental Movement Skills (FMS); Rules, Strategies and Tactics; and Healthy Participation.

- To understand the physical and emotional importance of a physically active and healthy lifestyle to prepare the children for a continued lifestyle of healthy eating and living.
- To build skills of resilience, team-building, communication, co-operation, sportsmanship, physical exertion, competing.
- By Year 6, children to develop the skills to be able to play an active part in a range of small-sided games. Introduce children to a range of sports and physical activities both during curriculum time and after school clubs including offering children opportunities to compete for the school.

The school will plan for sustained improvement against the following 5 key indicators:

1. The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles.
2. The profile of PE and sport being raised across the school as a tool for whole school improvement.
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport.
4. Broader experience of a range of sports and activities offered to all pupils.
5. Increased participation in competitive sport.
